Amplifying Community Impact

This year, **three \$100,000** Dave Mitchell Impact Grants are accelerating progress on pressing issues and providing support for strategic opportunities identified by PACF. These timely grants funded local solutions in youth mental health, affordable housing, and special needs areas. With PACF support, recipients are helping to shape a stronger future for our local communities.

My Digital TAT2, which received a **\$100,000** grant, uses youth-informed data to help students navigate the online world. They educate youth on ethical online behavior, aiming to prevent mental health crises.

About PACF

Over 45 years ago, a group of individuals committed to helping our local community thrive started the Palo Alto Community Fund (PACF). Today, PACF builds on this founding spirit and focuses on the unique needs of our community.

We find, vet, and fund organizations meeting our area's greatest needs. A contribution to PACF supports nonprofit organizations that are elevating local solutions to ensure the communities of Palo Alto, East Palo Alto, and Menlo Park are strong and flourishing.

PACF thoughtfully stewards a permanent endowment valued at over **\$10 million** to ensure we can benefit present and future generations.

Support PACF

Make a difference and support many organizations with one contribution.
